Those with lots of merchandise to show off should bring any tables, chairs and tents necessary. There will be lines marked out to guide our parking volunteers in getting everyone in as close as possible to accommodate as many as possible. There will be designated handicapped parking next to the restrooms. Signs will guide you in from the highways all the way into the Cove.

We will also have door prizes to be given away throughout the day. The grand prize is an Icom 2730 mobile radio.

The Freedom Link Group is raffling off a brand new AnyTone AT-878UVII Plus. The FLG is raising money to upgrade some equipment across the repeater network.
