

Four States Amateur Radio Club

PO Box 7810 • Texarkana, USA • www.4sarc.org

September 22, 2015

Time: 6:30 P.M.

Place: Nash Fire Department

Members Present: 10

Vice President David Glenn called the meeting to order (6:34 P.M.)

Brother Burt Phillips gave the opening prayer.

With sadden hearts, the club will dedicate the Thursday night net to Danny Freeman. We will be linking with the Atlanta machine for tonight's net.

Graveside services for Danny **KE5THI** will be at 10:00 A.M. at East Memorial Gardens. He truly will be missed in the ham community.

The new 62 machine is fully operational. If you have not noticed there are a lot of new features. Lots of information and new things are in the works to complete the link with the New Boston machine are in the works. Jim Cullum **N5YU** and others have done a remarkable job with the upgrade.

Work is underway on the 45 machine as well. A new antenna is going to be put on the tower at St. Michaels. Hopefully this will improve its coverage. Clarence, Trustee, is in the process of getting a UHF frequency for the link to the 45 machine.

The old repeater that was removed from the 62 machine needs some work done on it. After repairs are complete, it will be placed as a backup for the 62 repeater.

Nominations for a new slate of officers for physical year 2016 will be at the October Meeting. Please make every effort to attend the meeting. Your representation and input is important!

Richard Hopkins
Secretary
