Social Distancing

**Keep one wavelength
apart at 146.52 MHz**

We are looking for more Net Control Operators!! If you are willing, please let me know.

The Net Control Operator tonight is Clarence Shilling WB5BYV. Pre-net visiting and early check-ins start around 7 PM and the “formal” part of the Net starting with Prayer and Pledge at 7:30 PM.

Here is the rotation for net control. This is subject to change and most the time without notice! If you cannot fulfill your duties on your night, please contact the next weeks net control operator.

Oct 22 - Eric Richards
Oct 29 - David Jackson
Nov 05 - Clarence Shilling
Nov 12 - Eric Richards
Nov 19 - David Jackson
Nov 26 - Clarence Shilling
Dec 03 - Eric Richards
Dec 10 - David Jackson
Dec 17 - Clarence Shilling
Dec 24 - Eric Richards
Dec 31 - David Jackson

Tuesday morning breakfast has changed to B and J Downtown Diner! Located at 422 N. Stateline Avenue just behind the courthouse.

Friday Morning breakfast at Johnny B's. They now open at 6am!

Bring a mask!!

Club Meeting Option

Someone has suggested Johnny B's for our club meeting in November. They have a small room that will hold 30 people. The room can be arranged to accommodate social distancing. Three sets of two tables can be arranged to accommodate 24 people. Let's talk about on the net.

The other option is Wright Patman Lake. This is where the September meeting was held.

Club Website Update

Our club website is comprised of a lot of different modules (plug-ins) written by different companies. I created the website about 5 years ago using free plug-ins.

However, over the years, there is one company that has started charging for their plug-in. This plug-in is the Paid Membership Pro. This plug-in allows people to have unrestricted access to the members only section and allows members to use PayPal to create or renew their account instantly. The version of the plug-in we have will continue to be free. We have not lost any functionality. However, this plug-in is 5 years old and needs to be updated. There has been a lot of security added and updated since we started using it. There are several more functions in this plug-in that we could advantage of.

There are quite a few members that either do not live here or not able to attend meetings but still supports the club by paying dues via PayPal.

This is a very critical function of our website. The plug-in is regular \$340. They have promotions from time to time for around \$240. I suspect they may have another promotion around Thanksgiving or Christmas.

Since this is a new cost to the club, this needs to be voted on at the next meeting.

This is separate from the website hosting which is paid every 2 years. The webhosting will be due in March at \$240. I believe David Glenn mention this in the September Meeting and was passed by the club.

FCC Wants to Re-instate Fees

What used to be free, the FCC is now proposing a \$50 fee for Technician, General or Extra upgrade. This is on top of the ARRL fee of \$15.

Read more about it.

Election Of Officers

It's that time of year again where we elect officers for the upcoming year. At this time, we would like to know if you are Willing To Serve as either President, Vice President, Secretary, Treasurer, or Board of Directors.

Richard Arthur, N5RGA, will be ending his 3-year term at the end of the year. This position along with President, Vice-President, Secretary, Treasure will be up for elections.

If you are Willing To Serve and meet the qualifications of sections 4.2.3 and 4.3.1 of the by-laws, please submit the form below. Submitting this form does not mean you are being nominated. It simply provides a list of willing servants that can be nominated by the club.

Virtual Skywarn Training Classes.

From NWS:

We really appreciate the reports you continue to send to us! Your spotting was definitely helpful during Hurricane Laura and it will certainly come to use in the upcoming Fall severe weather season. Due to popular demand, we will be offering four Fall Skywarn Spotter Training Sessions through early November. Please help us advertise this for the public in your area.

3. Facebook Live - October 27th at 7:00 p.m.

Matt Hemingway will be providing training on how to identify severe weather and report it to the National Weather Service in Shreveport. Please join us via Facebook Live at www.facebook.com/NWSShreveport

4. GoToWebinar - November 3rd at 7:00 p.m.

Brandon Thorne will be providing training on how to identify severe weather and report it to the National Weather Service in Shreveport. Please make sure to register at: [NWS Shreveport - Skywarn Spotter Training](#)

You can become an official Skywarn Spotter and get a certificate by attending either of these webinars.

	<p>For any questions related to this training session, please contact NWS Shreveport Skywarn Focal Point, Chris Nuttall@noaa.gov, and NWS Shreveport Warning Coordination Meteorologist Charles.Woodrum@noaa.gov.</p>
 <p>The logo is circular with a red border. Inside, the words "AMATEUR RADIO" are at the top and "EMERGENCY SERVICE" are at the bottom, both in blue. In the center is a blue diamond containing a white lightning bolt, a resistor symbol, and the letters "A", "R", and "L" arranged vertically.</p>	<p>Steve Ogelsby, KX5FUZ, has been appointed as the ARRL ARES Emergency Coordinator for Bowie, Cass, and Morris Counties.</p> <p>If you would like to join Bowie County ARES, submit the form at http://www.4sarc.org/?page_id=1074</p>
 <p>The image shows a smartphone displaying a "Severe Weather Alert" notification. Above the phone, there is a graphic with the text "Sign Up For SEVERE WEATHER Text Alerts" and a "CLICK HERE" button.</p>	<p>We don't always have a radio with us all the time. But most of us don't leave home without our cell phones.</p> <p>This has become very useful. Since I am in direct communication with the meteorologist at the National Weather Service, I usually know about pending weather before it is publicly broadcasted.</p> <p>There have been a few times where this was useful when non-weather related information needed to be disseminated quickly.</p> <p>If you would like to be added to this group, email me at KF5VWN@windstream.net.</p>
