Meeting Notice!

We have been given the 'OK' from Steve Rogers. As you know, Steve has been one of the leaders of Covid. We are waiting on the confirmation of the room from the Chuck Wagon.

After waiting a year of not meeting due to 'you know what', we are finally gonna meet somewhere. Mark it on your calendar for May 1 at 9:30am.

We have lots of new hams. It's always great to be able put a face to a voice.

D Star Nets

There are 2 D-star nets that you may be interested in.

Sunday at 8:30pm on reflector 77A. This is a Nashville net. Then switch over to Nashville analog repeater at 9pm for the FM net.

Tuesday at 7:30 on reflector 48B. I believe this is a Little Rock net. There has been couple of local operators check in.

You may use a dongle or change the 4SARC club D-Star repeater to any reflector. Keep in mind, that after 15 minutes of no key up, the club D Star repeater will change automatically to reflector 1C. So, just key up about 14 minutes!

Field Day

Field Day is always the last full weekend in June. This year it falls on June 26-27. ARRL has posted rules at their website. We have a lot of new hams this year that are probably wondering what Field Day is.

If you would like to know more goto <http://www.arrl.org/field-day#rules>

Sportsman Cove has been reserved. Big Jakes catered the last Field Day. This worked very well and would like to do it again this year. Miller County ARES may be joining us this year. More discussion at the meeting.

Tuesday morning breakfast is at B and J Downtown Diner! Located at 422 N. Stateline Avenue just behind the courthouse.

Friday Morning breakfast at Johnny B's. They now open at 6am!

The Emergency Coordinator of Tyler has announced they have new repeater located at 147.380 MHz / 136.5 Hz tone.

We don't always have a radio with us all the time. But most of us don't leave home without our cell phones.

This has become very useful. Since I am in direct communication with the meteorologist at the National Weather Service, I usually know about pending weather before it is publicly broadcasted.

There have been a few times where this was useful when non-weather related information needed to be disseminated quickly.

If you would like to be added to this group, email me at KF5VWN@windstream.net.

Ready for your Technician or upgrade to General, or Extra?
